COMPUTER SCIENCE AND ENGINEERING STUDENT

Driven Computer Science & Engineering student at Daffodil International University with a consistent academic record (GPA 5.00 in SSC & HSC; 3.9/4.0 at university level). Proficient in full-stack web development (React.js, Django), systems programming (C/C++, Java, Python), and computer networking. Hands-on experience as a Lab Teaching Assistant - designing exercises and explaining complex topics to students - directly aligned with the Teaching Apprentice Fellowship (TAF) mission. Contest finalist in two national algorithm competitions, and a proven community leader with executive-level experience across three organisations.

EDUCATION

BSc in Computer Science and Engineering	2024–Present
- GPA: 3.9 (Previous Semester) - Daffodil International University	
Higher Secondary Certificate	2020 - 2022
- GPA: 5.00 - Adamjee Cantonment College	
Secondary School Certificate	2018 - 2020
- GPA: 5.00 - Bhola Government High School	

SKILLS

- Programming Languages:** C, C++, Java, Python
- Web Development:** HTML, CSS, JavaScript, React.js, Tailwind CSS, DaisyUI
- Software Development:** Java console-based applications, OOP, Apache Derby, SQL (basic)
- Algorithms & Problem-Solving:** Dynamic Programming (DP), Contest finalist (Take Off & Unlock the Algorithm)
- Networking:** Network topology with NATs, OSPF, RIP, VLSM, DHCP, isolated network zones
- Tools & Version Control:** Git, GitHub (beginner)
- Other Skills:** Event management, teamwork, leadership, documentation, report preparation, presentation delivery

WORK EXPERIENCE

Lab Teaching Assistant Daffodil International University	October 2025 - December 2025
- Assisting in CSE lab sessions and supporting students with programming and networking exercises. - Helping in the preparation and explanation of lab materials.	
Deputy and Press Secretary Bhola Zila Student Forum	August 2024 - Februray 2025
- Managed press activities and public relations for the forum. - Coordinated communications and ensured effective outreach.	
Executive Science Bee	May 2020 - December 2023
- Managed scientific content, ensuring accurate answers and explanations. - Developed and reviewed questions and answers for educational standards.	

PROJECTS

✦ Community Management Forum Platform

React, Django, Tailwind CSS

- Architected and developed a full-stack community portal featuring member profiles, centralized notice boards, and dynamic event hosting capabilities.
- Engineered a scalable backend using the Django framework to securely manage user authentication, session data, and community logistics.

✦ Automated Lab Backup & Restore System

Linux, Bash Scripting

- Developed a full-stack web application featuring dynamic user interfaces, secure authentication, and seamless data management.
- Wrote custom shell scripts to schedule routine backups, handle data archiving, and execute rapid disaster recovery protocols.

✦ Phimart

React, Django, Tailwind CSS

- Built an automated system administration utility to manage and secure data across Linux environments.
- Engineered the backend architecture using Django and REST APIs to efficiently handle database queries and business logic.

✦ CIFAR Image Classification

Python, Machine Learning, Convolutional Neural Networks (CNNs)

- Designed and trained a Convolutional Neural Network (CNN) to accurately classify images from the CIFAR dataset, applying deep learning principles for computer vision.
- Optimized the model architecture through hyperparameter tuning and data processing techniques to improve validation accuracy and mitigate overfitting.

INTERESTS

- Simulation Design
- Technology
- Volunteer Work
- International Affairs
- Football
- Gardening

LANGUAGES

- Bangla
- English

AWARDS

- Good Performance in HSC: Achieved GPA 5 in Higher Secondary Certificate (HSC)
- Good Performance in SSC: Achieved GPA 5 in Secondary School Certificate (SSC)
- Event Management Award: Recognized for excellence in event management at Bhola Zila Student Forum (BZSF)
- Take Off Contest: Reached the final round, position 34
- Unlock the Algorithm Contest: Reached the final round, position 36
